This firm is up and coming all of the time, and believe in going to market early so they can have the first choice, thus giving their customers the advantage of only SCHMIDT, their customers the advantage that the best to select from. They deal in everything from the finest cambric everything from the mest cambric needle up to a threshing machine.

-That the county seat will ever be re-moved from Oregon is as likely to happen as that the citizens upon the globe to-day will visit the planet Mars and boat ride and fish in her double canals. Oh, no, Oregon is the county seat, and will remain so for all time to come. Our citizens realize this fact too, and in consequence are building magnificent homes every week that would be or-naments to cities of 50,000 inhabitants. Our growth this year surpasses any pre-vious, and it is solid and substantial, too.

-It is so interesting to have a man whose breath smells strongly of whiskey and tobacco and who has not washed his cured an opinion of importance to him, without fee, remarks, "Well if anything comes of it I'll get you to tend to it."
If such men would perfume their breath
with garlic, asafetida or something else that might be an improvement, we wouldn't mind it, but to have an odor infinitely worse to inflate our lungs with is too much, and we hereby kick. XX.

cle organized among the teachers of Holt county was discussed Tuesday morning. No definite organization was effected, but quite a number of teachers expressed a desire to enter into an organization, such as the state superinten

dent recommends, Prof. Dearmont delivered a lecture at the M. E. church, Tuesday evening. His subject was "Moral Training in the Public School." He advocated more morals and no sectarianism in our schools He held that the laxity of our schoolsregard to morals, was largely the cause of so much disrespectful and insolent ac-tions of children toward their parents

and superiors. Prof. U. W. Gallaher still represents The Missouri School Journal. The teachers will hold their annual re-union next Thursday evening, Aug. 25. Program in full will appear next

Last week we published a list of the teachers, postoffice address, and where they would teach. Next week we will publish a revised list.

Atderberry Jam.

ED. SENTINEL: -- As other fruits are so scarce, and alderberries so plentiful, I think a good many would use them if they had a recipe, and if you will kindly give room, here is one tried and found good. Those that want to can make a little to try, and then if it suits, make

ALDEREFERY JAM. A very good jam is made from mixing pie-plant and alderberries, half and half. Cook pie-plant and pick berries off of stem, clean, then measure them, one cup of each, then after they are mixed allow one cup of sugar to three of fruit, cook till thick as desired then when ready to take off allow one teaspoonfull of tartaric accid to the gallon and cinpanon to suit the taste. It will keep namon to suit the taste. It will keep like any other fruit. Try and see if you will like this. A Friend, M.

For Sale.
